

IMPORTER AND EXPORTER

OF FRESH AND FROZEN PRODUCTS

SINCE 1993

WELCOME TO MONTREAL FISH

Since 1993, Montreal Fish has been providing a great variety of exceptionally fresh seafood products, with remarkable availability, to a large number of North American customers.

Over the past few years, our company has mainly specialized in importing and exporting wild, farmed and organic salmon. Whether you are looking for fresh or frozen seafood, from open sea fishing or fish farms, Montreal Fish is the fastest and most reliable way to get the products you want shipped to your warehouse... wherever you are!

Martin Beaudry

President

A DYNAMIC TEAM

The Montreal Fish team is made up of logistics experts and seasoned traders that stay in constant touch with fishermen and producers on several continents, ensuring our clients total satisfaction.

Montreal Fish has carved itself an enviable position among the most important seafood importers and exporters in North America by its unfailing commitment to stand out with a variety of products, fast deliveries and exceptional customer service.

LOGISTICS IS OUR STRENGTH

The strength of the Montreal logistics operations lies in the constant mobility of its refrigerated trucks linking Vancouver and Miami to Montreal. Combined with carefully planned air freight shipping, these modes of transport, with strictly controlled and optimized temperatures, guarantee top quality arrivals from around the world.

Our substantial buying power and the strength of our business ties with all those involved in the process ensure that all of our clients get fast delivery of fresh seafood and advantageous pricing throughout the year.

OUR PRODUCTS

Over the past few years, Montreal Fish has specialized in importing and exporting wild, farmed and organic salmon. Our close collaboration with major producers from Canada, Chile, Denmark, New Zealand, Norway and Scotland allows us to offer the very best salmon products to our customers.
